### 1. WOMEN EMPOWERMENT PROGRAM

[ Stitching Training, Beautician Training]

As always, also this year we trained women in stitching training, and no. of empowered women increasing every year. We give priority to needy women, which family's financial condition is not so good, we help to them start up their own business, by small initiatives.

Women empowerment is the pivotal part in any society, state or country. It is a woman who plays a dominant role in the basic life of a child.

Women are an important section of our society. Education as means of empowerment of women can bring about a positive attitudinal change.

Women are the primary caretakers of children and elders in every country of the world. International studies demonstrate that when the economy and political organization of a society change, women take the lead in helping the family adjust to new realities and challenges.

If our small part of initiative make someone's life better, why should not we will expand it to another needy women, so we did, we are doing and we will do.

## 2. EYE CHECKUP & HEALTH AWARENESS CAMP

This year with regular health check-up camps we organized free eye check-up camp for needy people. When it comes to scheduling preventive health appointments, eye exams are often overlooked. At best, people usually assume a basic visual screening will suffice; however, seeing a licensed optometrist or ophthalmologist for comprehensive exams is important for everyone's overall health. The following describes the main differences between a screening and an exam and how your overall well-being can benefit from "keeping an eye on" the health of your eyes.

### 3. CLOTH & STATIONERY DIST. TO NEEDY CHILDREN

There are various children in our society, whose education would remain incomplete because of their family's bad economical condition. Lack of study materials, lack of awareness about importance of education in today's time, also their parents doesn't want to educate them, they think it can't be feed them and their children.

So, our members and volunteers visit that every place where its needed more, like slum areas and collect them at one place, tell them, motivate them about benefits of being educated, and also distribute necessary things like clothes, books, pens, notebooks, pencils, boxes etc. Those children will be attracted towards these stationeries.

Our team has taken initiative for cleanliness, we ourselves went dirty places, jammed drain, clean those, sanitized there and also spread awareness about being clean is so important in these days. Cleanliness is most important for physical well-being and a healthy environment. It has bearing on public and personal hygiene. It is essential for everyone to learn about cleanliness, hygiene, sanitation and the various diseases that are caused due to poor hygienic conditions. The main focus of cleanliness is beauty, healthy, and absence of smell. Also, it focuses on avoiding the spreading of dust and contaminants to others.
